The States.

The Tribune's Washington correspondent of the 20th says:—A personal difficulty happened after the adjournment of the House to-day. As Mr. Hickman was returning to his home through the Capital grounds, he was overtaken by Mr. Edmonson of Viginia, who, upon approaching him, called out and drew back his hand to strike. Mr. Clingman, who was accidentally passing, stepped up and seized his arm, when Mr. Edmonson struck at Mr. Hickman with his left hand, and knock off his hat, but doing him no injury. The whole affair was instantaneous, and seemed to surprise Mr. Hickman. Mr. Breckenridge, who came up, took him away, and the scene ended. The alleged provocation for this attack was an insulting reflection on Virginia, contained in a recent speech of Mr. Hickman, in which he charged that seventeen men and a cow had frightened the State.

Europe.

Parliament was opened by the Queen in person on the 24th Jan. In the speech from the throne, her Majesty reviews the circumstances under which she agreed to join the European Congress, and adds, circumstances have arisen which have led to a postponement of the Congress, without any day having been fixed for a meeting. "But," said the Queen, "whether in Congress or in separate negotiation, I shall endeavor to obtain for the people of Italy freedom from foreign interference by force of arms in their internal concerns; and I trust that the affairs of the Italian peninsula will be satisfactorily andpeaceably settled."

Her majesty then states that she is in communion with the Emperor of France, with a view to extend the commercial interests between the two countries, and thus draw closer the bonds of friendly alliance between them.

In regard to the San Juan affair she says "The unauthorized proceedings of an official of the United States in regard to the island of San Juan, between Vancouver Island and the main land, might have led to a serious collision between my forces and the United States; but the collision has been prevented by the judicious forebearance of of my naval officers on the spot, and by the equitable and conciliary provisions and to arrangements proposed in this matter by the Government of the United States.

The London Times has reason to believe that proposals for the settlement of the north-western boundary will be made by England to the United States, which will be entirely satisfactory.

The plan is to take a third channel, which will not only evade the two disputed courses but will leave the Americans in possession of the largest share of the disputed territory, and gives to England the island of San Juan alone. In consideration of this concession, the American Government will be asked to give England the whole of a certain coast of headland, which the 49th parallel nows cuts in two.

Agitation and Loan.

From the moanings, and hideous contortions of countenance apparent in certain quarters, it is manifest that penance is being done for the multitude of sins committed in administering the government of British Columbia. The demonstrations from end to end of both Colonies condemning its suicidal policy, has caused conviction, and the *peccavi* cry is heard—"Oh, Mr. COLONIST, do let up or we are ruined." Like many other sinners, when they find nature places a bar to the further gratification of passion, they become religious and set themselves up as examples of virtue. So with the British Columbia government. From 1856, when gold was first discovered, down to 1858, when it became known abroad, and subsequently, every dispatch to the Colonial office, and every act of the government depreciated foreign immigration, and finally succeeded in depriving the country of the only population fitted to fill it rapidly with the appliances of civilization. Trade was interdicted except to a monopoly; the lands were kept under lock and key; immigration was only tolerated because there was no force to drive it from the country; arbitrary and unjust exactions were repeated over and again; public faith was violated; public confidence was lost; and to cap the climax, the mule-tax was sprung at an inauspicious moment on the country. Goaded to desperation, but relying on the inviolate faith of the Home Government, the people have made demonstration after demonstration, determined now to lay their grievances at the foot of the throne, confident that they will be redressed. Seeing that the country will submit no longer to misgovernment, a disposition is manifest to do an involuntary penance, and by temporizing postpone the inauguration of an Assembly.

We are not insensible to the promptings of patriotism; but we opine that the example of Roman virtue set by Quintius Curtius in leaping into the chasm to save his country, would be better followed by keeping up a continuous agitation, than by its cessation. And however much anxiety it may cost some, relaxation on our part will never occur till those progressive principles are inaugurated that every Englishman claims as his birthright. The bug-bear that no loan can be made till we sing the government doxology, may do to frighten a few weak-minded and credulous persons to embrace the orthodox faith. But the game of *solitaire* has been played too long to give convincing evidence of permanent improvement to those who penetrate the flimsy veil thrown around governmental policy. The best proof of repentance would be the repeal of the mule-tax. Before the deputation waited on the Government, its agents studiously circulated the report that the Governor had no authority to make a loan. Since that subterfuge has exploded, we are told agitation must cease and it will be done. Bad governments always fear agitation. They know power only emanates from the people, and thus the sample we have is trembling in "sack-cloth and ashes."

From authentic sources we have it that at least two-thirds of the merchandise for the Upper Fraser makes its way by the Lillouette route. It would be travelable the year round, if put in good condition. Not more than £20,000 are necessary to macadamise the portages. It is strange that a colony that has exported four millions of dollars' worth of gold dust in eighteen months, cannot borrow that small amount! The truth is, the routine of "red tape and sealing wax" must be displaced. Responsibility must be taken. A great public undertaking, a gate-way to the gold regions, cannot be postponed. There is no disunion as to the means: that is a loan.

Other sums are necessary to open up a trail of forty-five miles from Hope to the Similkameen diggings, and to make a practicable route from Yale to Lytton. Any government, no matter how obtuse, would meet a hearty support by the country, if it should undertake a loan in right good earnest. But it need not lay the flattering unction to its soul that agitation for political progress and the concomitants it entails—prosperity and contentment—will cease till they are enjoyed.

THE PANAMA.—This steamer arrived about 12 o'clock yesterday. She brought the mails but no later news. She sailed again at two o'clock for San Francisco.

QUEEN'S SPEECH AND GOV. DOUGLAS.—The unkindest cut of all is that part of the Queen's speech to Parliament respecting the San Juan imbroglio. Her Majesty attributes to "my naval officers" on this station, the preservation of peace between the United States and Great Britain. The old fashioned patriotism of His Excellency in deciding to expel the famous Capt. Pickett, has not even received a passing notice from Royal lips. We cannot but regret the non-appreciation of such distinguished services,—particularly as the Royal approbation has made an invidious distinction, though perhaps deserving. Meaning well in this practical age appears insufficient to merit the notice of the framers of the Royal Speech, when the purpose is not adapted to success. Among crude intellects, objections have been taken to our condemnation of good intentions when they are only productive of injury to the country. It is hoped this class may study the Queen's Speech with practical advantage. The London Morning Chronicle assures its readers that the nation is indebted to Admiral Baynes for avoiding a war into which Gov. Douglas and Gen. Harney attempted to plunge their respective countries. It has often been said that republics are slower than monarchies to reward merit, but comparing Queen Victoria's Speech with President Buchanan's Message, such would not appear true. For the one calls his belligerent General a "gallant," and the other never mentions her brave Representative. Both, however, concur in complimenting the navy.

THE CLERKSHIP.—Matters have come to a pretty pass when the Assembly is impeached in high quarters because it claims to dispense patronage properly within its gift. The motives attributed to the House by the government are cliquery and a disposition to save Mr. Cary £150 a year. Sympathy is also sought for the present incumbent. Neither of these evasive reasons touch the real issue, whether the House shall or shall not elect or remove at pleasure its officers? They only show the plight of the administration in finding itself face to face with anything savoring of independent action, and its annoyance at being foiled in its autocratic policy. The respective merits of the candidates are nothing to the public so long as the House is satisfactorily served. It is the principle that meets general concurrence. The right has been asserted to elect subordinate officers: and that right should be maintained without regard to the let, hindrance, or interference of the executive.

STILL ANOTHER OUTRAGE BY INDIANS.—About 9 o'clock on Monday evening, Wm. Wilson, of the Royal Engineers, just returned from duty on the Boundary survey in British Columbia, while on his way to Esquimalt, was stopped by a burly Indian, who demanded whisky or money, at the same time presenting a musket at his head. A struggled ensued, during which Wilson received a stab about three inches deep and four long, in the thigh. After stabbing Wilson, the Indian, alarmed at some noise he heard, fled into the bushes, and the former managed to reach Esquimalt at a late hour, bleeding profusely. He was put to bed at an inn known as the "Pilgrim's Retreat," where he was properly cared for. Wilson is the second member of the Boundary Commission that has been assaulted by natives on the Esquimalt road within four days.

THE PACIFIC.—The steamer Pacific arrived about seven o'clock yesterday morning, from San Francisco, but brought no later news than that received by the Plumper on Tuesday afternoon. The passage up is represented to have been very pleasant. The steamer touched at Portland, and lay there for a day and a half. Business at that town was dull—the floating population having gone to the Similkameen diggings.

ARRIVAL OF THE ELIZA ANDERSON.—This steamer arrived about three o'clock yesterday, from ports on the Sound. The Olympia Democrat publishes a rumor to the effect that the Similikameen mines are a humbug.

DR. HAMILTON.—We are pleased to notice among the arrivals by the steamer yesterday, that of Dr. Hamilton. From long aquaintance with him, we have no hesitation in recommending him to those in want of the services of a good dentist. The Doctor intends taking up his abode amongst us.

RICHEST YET.—Near Jacksonville, Southern Oregon, it is said by the San Francisco Alta, that $25,000 a pay to the hand is taken from gold-bearing quartz. Whew! that beats Washoe all hollow.

☞ Governor Douglas has donated £5 for the benefit of the St. Andrew's Society of this city. He has been elected an honorary member of the Associatien.

☞ The Eliza Anderson leaves at 4 o'clock this afternoon for New Westminster.

COLONIAL THEATRE.—Another crowded house greeted Yankee Addams and the Chapman family on Tuesday night, at the Colonial. "Rob Roy" was played in a style that gave universal satisfaction. To-night, Yankee Addams takes a benefit, at which "William Tell" and an amusing afterpiece will be offered. Secure your seats early.

KEYS IN THE POSSESSION OF INDIANS.—We learn that the Northern Indians have a large number of keys in their possession which will fit the locks of many of the houses about town. Our citizens should place bolts on their doors at once.

AUCTION.—The attention of buyers is particularly called to the large Catalogue Sale to take place to-morrow, at the salesroom of J. A. McCrea, the goods having been selected particularly for this market.

☞ An intolerable nuisance exists on Johnson street, just above Government street. The neighbors complain of the horrid stench arising from filth thrown into the street.

SALE OF TOWN LOTS.—P. M. Backus, auctioneer, will sell, on the 4th proximo, forty-one desirable town lots, situated on Cooke, Alfred and Putnam streets.

RIDING HIS HORSE ON THE SIDEWALK.—John Powell was fined 1s. yesterday, for riding his horse over the sidewalk on Yates street, above Government.

STOMACH BITTERS

IS THE BEST REMEDY ever yet manufactured for the cure of all Diseases, caused by a disordered state of the Stomach and Bowels.

Fever and Ague.

And other similar maladies, yield at once to the beneficial influence of this excellent Medicine. Try them. Test them on your Constitution, and go on your way rejoicing.

CAUTION.

Owing to the unexplained demand for these Bitters, some unprincipled parties have endeavored to counterfeit them. The genuine ROSENBAUM have the name of N B JACOBS & CO branded on each cork, and their signature on each label. Beware also of a worthless article, called ROSENOFF'S Bitters, put up in this city. Its external appearance is very much like the true Rosenbaum, but it is useless as a remedial agent, and has only been got up to prey on the reputation attained by Rosenbaum's Bitters. HOUSE OF ASSEMBLY.

TUESDAY, March 13.

The SPEAKER introduced the petition of John Copland against the return of J. J. Southgate for Salt Spring Islands.

Major FOSTER alluded to members of the House leaving for British Columbia to attend to the business of that colony, thought it objectionable that the public business should suffer on that account.

Mr. Attorney-General CARY had proposed to go there, but would remain here altogether if necessary.

Mr. S. FRANKLIN gave notice of a motion for a committee of three to inquire into the improvements necessary to Victoria harbors.

The Committee on standing orders reported. The report was made the order of the day for Friday.

Mr. S. FRANKLIN gave notice of a bill to create a Mechanics' Lien.

Mr. G. P. GORDON called the attention of the House to uncomfortable seats provided for the members. After some discussion, it was agreed chairs should be provided.

Mr. Attorney-General CARY inquired if the returns of revenue and expenditure had been sent down.

The SPEAKER replied that they were in course of preparation.

Dr. TOLMIE inquired if the Committee on the faulty oath had reported.

The SPEAKER—Not yet.

Mr. A. WADDINGTON.—The accounts of the expenditure and revenue ought to be forthcoming, as the last House asked for the returns several times.

Dr. TOLMIE gave notice of a motion to adjourn to the 12th of April.

Mr. H. P. P. CREASE, inquired if any reply had been received from His Excellency in relation to the election of clerk.

The SPEAKER said none had yet been received.

Adjourned to Friday next, at 3 P. M.

Blondin has decided to amuse the Quebeckers the coming season. After inspecting several localities he has fixed on a position close to Montmorenci Falls, from point to point, immediately below the cataract. He says the span he intends to walk is 1,400 feet long, being 200 longer than the span he walked at the Niagara Falls. The Falls of Montmorenci are nearly 250 feet high, being 100 feet higher than the Falls of Niagara.

Napoleon has written to the Pope that while he is willing to remain a true friend to the Head of the Church, he insists upon the observance of his late proposition, and if the Pope should refuse, he must not be astonished to see the example of Henry the Eighth imitated in France.

CITY TRADE REPORT.

WEDNESDAY EVENING, March 14, 1860.

Since the arrival of the steamers yesterday morning, a much better feeling has prevailed in the market, although we have heard of no sales worthy of note. Lard, Bacon and Beans have taken an advance in San Francisco, and a corresponding advance is observable here. In Flour, a drooping tendency prevails, although holders are not anxious to dispose of their stocks at less than Monday's rates. The following are our quotations for the day:

FLOUR—Golden Gate is held at $7, with no buyers. 2000 qr sacks arrived on the Leonesa.

BACON—A prime article is purchasable at 16½@ 17c—an advance of 1c ₱ lb.

BEANS—Steady at Monday's quotations; Bayos in San Francisco are worth 4c ₱ lb

BARLEY—Arrival of 32,000 lbs per D M Hall, yesterday, held at 3c.

LARD—Jewell & Harrison's, in 10-lb tins, has advanced 1c per lb, and is firm at 17c; Alden's, in do do, 16c.

RICE—China No 1 is firm at 5c—the same figure prevails below.

IN WHOLE OR IN PART, THE Splendid Property (Section No. 3), on Esquimalt Harbor, extending back to "the Arm," with upwards of ¼ mile water frontage on each.

It consists of 65 acres, or thereabouts, a commodious Cottage, beautifully situated, with good supply of excellent water, and garden attached.

About 40 acres are good pasture, and might easily be brought under cultivation.

This property contains the best mercantile frontage on Esquimalt Harbor being more sheltered than Constance Cove, with 4 fathoms water close in shore, and in so protected a position that during the heaviest gale, vessels could lie alongside a wharf without damage

The nature of the shore will admit of a Dry Dock and Patent Slip being easily constructed.

The Road from Victoria passes through the centre of the property. The projected Canal, uniting the two Harbors also adjoins it, and the proposed Naval Barracks and Depot are close to the boundary.

N B.—A Town Lot 120x99 feet is excluded from the present sale, having already been disposed of.

FARQUAR'S

Medicated California

Wine & Brandy.

A Delicious Tonic Bitter, Juice of the Grape, Medicated with Juniper, Rhubarb, and Peruvian Bark.

FOR INVALIDS.

THIS IS SIMPLY THE FERMENTED JUICE, and Distilled Juice of the California Grape, judiciously medicated with Peruvian Bark, Turkey Rhubarb, Juniper Berries and other vegetable remedial agents, skillfully combined, and in such minute and exact quantities as to constitute a small, or Homeopathic dose of each remedy; which when combined, form an innocent harmless, yet active Tonic, Alterative Anti Dyspeptic, Diuretic, Antifebrile, and Sedative Beverage, pleasant to the taste.

Specially adapted for the following diseases:

Dispepsy Indigestion, Loss of Appetite, Habitual Constipation, Acidity of or Sour Stomach, Diseases of the Kidneys, Gravel, Disorders of the Urinary Organs, Remitted Fevers, Fever and Ague, Chills, Nervousness, Weakness, Debility, Dryness of the Skin or want of Perspiration, Pains in the Stomach or Bowels, Colic, Dysentary, &c.

Medicines in this, though small in quantity, will often effect a cure in some of the diseases above enumerated when more violent and powerful remedies have failed in their object.

☞ Those drinking Liquor early in the morning, or before Breakfast, would find the Brandy act delightfully on the nerves and stomach, keeping the bowels regular, &c.

☞ As a general beverage, it is pleasant to the taste slightly exhilerating, perfectly harmless, and gives the weak and feeble a feeling of health and strength.

☞ Sold by all respectable Druggists and Grocers in the United States California, Oregon, and British Columbia.

Price $1 per Bottle or Six Bottles for $5.

CAUTION TO THE PUBLIC.—In purchasing, always see that a fac simile of the signiture of JAMES L. FARQUER, M. D., is pasted around the neck of each bottle
